03 October 2014

To: All Members representatives in the EUROfusion General Assembly

Subject: Nomination of participants for the 22nd European Fusion Programme Workshop

Dear Colleagues

The 22nd European Fusion Programme Workshop (EFPW22) will take place **1 to 3 December 2014** Split, Croatia. The title of this year's workshop is "**Operational limits: what do we know / what can we hope from plasma physics & fusion technology**".

The STAC has agreed on the following session topics and proposed Session Chairs:

- | | |
|--|-----------------------------------|
| (i) Core Plasma Operational Limits and Technology
Boundary Conditions | Chapman (CCFE),
Bachmann (PMU) |
| (ii) Operational limits due to Exhaust and Heat Load
Constraints | Krieger (IPP), Coenen (FZJ) |
| (iii) Integrated Scenarios incorporating all Operational Limits | Nunes (IPFN) |

A detailed programme will be made available at a later date.

Participants should plan to arrive during the afternoon/evening of Sunday, 30 November 2014. The workshop is scheduled to finish around lunchtime on 3 December 2014. Most participants should therefore be able to depart that day.

The next step in preparing the meeting is to establish the list of speakers and participants. As in previous years, the number of participants (including speakers, chairs, etc) should be limited to about 90 people. This corresponds to the following approximate figures for the nomination of participants:

Cont...../2

Major laboratories	6 – 7
Average size laboratories	4 – 5
Smaller laboratories and others	1 – 3
PMU	6 – 7
F4E	1 – 2

Please bear in mind that: (1) the session chairs, (2) the speakers (the list is still under discussion), and (3) participants representing collective activities (JET, European Task Forces etc), **must** be nominated, unless they are a member of a PMU or F4E, in which case they should be nominated by the Programme Manager or F4E Director.

Please send the list of participants from your Laboratory to the scientific secretary Duarte Borba (duarte.borba@jet.efda.org), with a copy to Doreen Moss (Doreen.moss@jet.efda.org) by **Tuesday 28 October 2014** at the latest.

Further details will be available on the website of the workshop

<http://www.efpw2014.irb.hr/>

Nominated participants should register on this webpage by Friday, 31 October 2014 at the latest. Please check the website for details about the conference fees, accommodation and transportation.

Yours Sincerely

Prof Dr Tony Donn 
EUROfusion Programme Manager
